NEW & IMPROVED! ACCESS TO PUBLIC MEETINGS & MATERIALS

Starting July 1, the City will have a new online system that will enhance access to public meetings and materials (e.g., agendas, minutes, videos, staff reports, etc.). The new public meetings portal features a more streamlined and easy-to-access site that includes:

- A calendar of public meeting dates, times, and locations.
- Searchable agendas, minutes, public notices, reports, and all other materials.
- High-quality video streaming and recording.
- Live meeting view with meeting progress and real-time information on Council actions.

The City's new online system provides one source to access all public meetings and related materials with an improved user experience.

What Changes will the Public See?

If you visit the City's website you will see a new look to the:

- Upcoming Meetings section of the home page, CityofLacey.org.
- Archives section of Council and various Boards and Commissions webpages.

In-person and remote attendees will also see the addition of a live meeting monitor in the Council Chambers. This helps viewers track the progress of the meeting and actions taken by City Council.

If you have questions about the new public meetings system, please contact Kelly Adams, Special Project Administrator, at KAdams@ci.lacey.wa.us or (360) 412-2892.
