**Subject:** RE: Safe Walk to School - Bus Transportation

Good morning,

Based on the location provided and the current walk zones, the students living in the complex would qualify for bus services, but those are re-evaluated every few years by a school board appointed committee. The recommended bus stop location based on current information would be in front of the complex on 15<sup>th</sup> Ave for all three school levels.

Thank you,

Mark Payne

**STOP and VERIFY: This email originated from outside NTPS.**

Do not reply, open attachments, or follow links if this is an atypical or unsolicited request from an external sender. Please forward to Help Desk if you suspect it's a phishing attempt or the sender is impersonating district staff.

Good morning,

I will be out of the office next week, so I'm cc'ing several of my team members on this e-mail, so they'll be aware of your response if I'm out of town.

Thank you!

**Subject:** .Thank Safe Walk to School - Bus Transportation

Good afternoon,

I'm reaching out on behalf of our client who is in the early stages of the process to build an apartment complex in the City of Lacey. The complex will have somewhere between 350 and 400 units, and will be located at 5216, 5224 and 5228 NE 15TH AVE. The parcels are quite large, but due to the wetland on site all the development will occur at the south end of the parcels, closest to 15th Avenue.

We'd like to prepare our client for any requirements the school district may have for this site. Will kids from this site be walking to school? If not, where would the bus stops be located? I'm providing a snip below so you'll have an idea of where the project will be in relation to other nearby developments and rights of way.

Looking forward to hearing from you!

Thank you,
