

# Residential Weather-Based Irrigation Controller Rebate

City of Lacey Residential Water Utility customers with in-ground irrigation systems are eligible for a rebate of **50% (up to \$150)** for the installation of a qualifying EPA **WaterSense** certified weather-based irrigation controller. WaterSense weather-based irrigation controllers use local weather and landscape conditions to tailor watering schedules. Weather-based irrigation controllers can be stand-alone units or “add-on” or “plug-in” devices that can be used in conjunction with an existing controller to help it water more efficiently. With proper installation, programming, and maintenance, homeowners can potentially save 30% more water than with an old clock-styled model. Allow 30 days for rebate check to be processed and mailed. Limit one rebate per household.

## PROGRAM REQUIREMENTS:

1. Controller must be **WaterSense** certified.
2. Controller must be Weather-based.
3. Original invoice showing place of purchase, date, model number, price, and proof of payment must be submitted with application.
4. Irrigation system must have a City of Lacey approved backflow assembly installed. Contact Public Works 360-491-5600 for more information.
5. Applications must be submitted within six months of purchase.

I, the undersigned, understand that this is a limited program subject to availability of funds. I understand that it is my responsibility to ensure that the equipment has been properly installed. I confirm the device was installed according to the manufacturer's specifications at the address listed above.

I agree that City of Lacey staff or representatives may inspect the device(s) rebated on my property. City of Lacey does not warranty contractor work or guarantee that the device will work as advertised. I understand that the City of Lacey reserves the right to deny any rebate application if the applicant does not comply with program qualifications, procedures, and specifications. I have read, understand, and agree to the terms and conditions of this rebate program.
