TREE REMOVAL AND REPLACEMENT MEMORANDUM

Dear Reace,

This memorandum is submitted on behalf of the City of Lacey, which intends to remove and replace two existing trees as part of the upcoming Ranier Vista Park Improvements (hereinafter Project).

Tree Removal:
The Project will remove two 6-inch DBH (Diameter at Breast Height) deciduous trees. Tree removal is necessary to allow for installation of four new pickleball courts and associated asphalt pathways.

Tree Replacement:
The Project will replace the removed trees at a 1:1 ratio with two 2-inch caliper *Tilia cordata 'greenspire'* trees, installed within the limits of Ranier Vista Park.

Please contact me at 360.456.3813 or philip@rwdroll.com if I can provide additional information.

Thanks for your consideration,

Philip VanDevanter
